2025 Success Spotlight

Recruiting skilled clinicians to our hospital and community and supporting them in their new roles is critical to ensuring access to high-quality care across a broad spectrum of services. In 2025, we added 6 affiliated providers in areas that included Family Medicine, Orthopedics, Pain Management, and Urology.

Investments in our facilities – from infrastructure to the latest healthcare technology – ensure that our hospital can continue to meet the community’s evolving healthcare needs. Last year, we spent more than \$1.2 million on capital improvements, including a new 3D mammography system, surgical instruments, exam tables, a steam sterilization system, and a new fire alarm system.

Our greatest asset is our people. We aspire to create an environment where talent is recognized, job satisfaction is valued, and our employees can effectively use their skills to provide high-quality care and service.

In 2025, we provided nearly \$24 million in services to those in need of healthcare but without the means to pay.

We are proud to be an important partner to the Ellis County area as a healthcare provider, as a significant taxpayer and employer, and as an ardent supporter of local organizations that also serve the region.
